RE: Nevada Gold II Pull Tab Dispenser

Dear Mr. Manns,

Thank you for requesting approval of the Nevada Gold II Pull Tab Dispenser, an upgrade to the previously approved Nevada Gold. We have completed our review.

We are approving this equipment with the following requirements:

Manufacturer Requirements:

- Ensure a stamp, seal or label identifying the manufacturer, city and state where the Nevada Gold II is manufactured is displayed on the pull tab dispensing device (WAC 230-14-045).
- The bill acceptor must inform the player if it does not return change (WAC 230-14-045).

Operator Requirements:

- Ensure the price of a single pull tab does not exceed five dollars as required by RCW 9.46.110(2)(b).
- Ensure the entire pull tab series is put out for play as required by WAC 230-14-055(2)(c).
- Follow all WAC rules related to the operation and recordkeeping of pull tabs.

Any modifications made to the Nevada Gold II Pull Tab Dispenser software, or associated equipment must be submitted to us for additional testing and review. We reserve the right to investigate and reevaluate the Nevada Gold II equipment if we determine that such a review is required to ensure compliance.
